

Le bilan 2018 de l'association OneArmenia

2018 won't be a year easily forgotten, not for Armenia, and not for our organization. Against the backdrop of a peaceful revolution, we got a lot done, traveling at least 1,724 miles across Armenia and Artsakh in the process! Here's a look back at everything we accomplished last year.

1. Armenia's first WineCube was inaugurated. Isn't it beautiful? Book your next tasting by contacting the Momik Wines [Facebook page](#).

2. We cleared 12% of the minefield at Kavak Monastery. We're so close to our fundraising goal that we can hear the bells of future weddings tolling already! **Help us make that a reality** 🙌

3. The **HIKEArmenia** Resource Center opened its doors. **Visit the center** to plan your next hiking adventure in Armenia, and download the app!

Join **ONE**Core,
ONEArmenia's monthly donor program.

4. We launched a monthly donor program. 37 of you have made a commitment to Armenia so far. Still looking for a new year's resolution? **Join ONECore!**

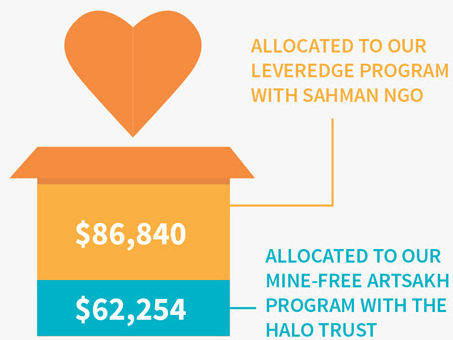

5. We launched **23 businesses** in border villages. People like Elita, who opened the first bakery in her village, are redefining what it means to live in border communities.

Of course, none of this could have been done without the generosity of our donors, and the commitment of our amazing fundraisers. Check out a breakdown of the numbers below.

2018 IN NUMBERS

\$149,094
RAISED IN 2018
