

**Robert Guediguian à Venise avec
Ariane Ascaride, par l'envoyée
spéciale de NHM Alice Kanterian**

FIRST REVIEWS

"A **heartfelt, engaging, bittersweet family drama**. A gently scathing take on the gig economy and the generational divide. Guédiguian moves to the **calmer rhythms of classical naturalism**.

Working with the same troupe of **excellent actors**, the performances are all strong. The interplay between would-be rivals in fatherhood Darroussin and Meylan is perhaps the **most touchingly drawn relationship**. Ascaride, much more than her husband's muse, finds lovely notes to play in Sylvie. It is **unusual to see a woman of Ascaride's age drawn with such consideration for her internal life**.

Guédiguian tells **the story of his generation with compassion and insight.**"

VARIETY - Jessica Kiang

"A downbeat but not despairing portrayal of a world in which moral values and personal ties have become brutishly devalued, although hope of redemption still prevails.

All **the key actors are characteristically on form** and **nail their characters with absolute precision**. This is especially Meylan's film, his bear-like loner emerging as a Dostoevskian redeemer and tower of strength.

The unobtrusive, to-the-point photography helps foreground the essence of the characters while mapping the latest transformations of the city of Marseilles, Guédiguian's ever-present backdrop over the years. **A solid addition to his canon**. Guédiguian is indeed **France's Ken Loach**."

SCREEN - Jonathan Romney

"Thanks to Guédiguian's **narrative mastery**, *Gloria Mundi* is never didactic. Guédiguian obviously has not lost his faith in the people themselves. He persistently pursues his **fight for a better world** – and we continue to enjoy watching it because his protagonists never degenerate into a means to an end, but **radiate a warmth that should be worth so much more than all the money in the world.**"

★★★★ FILMSTARTS - Christoph Petersen

Available worldwide except

France, Switzerland, Italy, Spain, Scandinavia, Greece, Former Yugoslavia, Bulgaria, Turkey, China, Brazil
