

L'Académie norvégienne des Sciences , le Ministère norvégien de l'Education & la Recherche

& la Kavli Foundation décernent le prestigieux prix Kavli en Neurosciences au Pr Ardem Patapoutian, neurobiologiste :

LA JOLLA, CA — Scripps Research Professor and neurobiologist Ardem Patapoutian, PhD, has been awarded the 2020 Kavli Prize in Neuroscience, a prestigious distinction presented by The Norwegian Academy of Science and Letters, The Norwegian Ministry of Education and Research and The Kavli Foundation.

The announcement came on Wednesday during the World Science Festival in New York, where Kavli Prize winners also were named in the fields of astrophysics and nanoscience.

Patapoutian shares the neuroscience award—which includes a prize of \$1...
