SANS FRONTIÈRES

L'Institut ARPA voudrait organiser des séminaires ou des mini-conférences en ligne reliés à des champs divers en science, technologie & même science sociale .Nanotechnologie, science des matériaux , robotique , histoire, littérature etc..

Dear Scientists and Friends,

The ARPA Institute would like to organize on-line seminars or mini-conferences related to various fields in science, technology and even social sciences. Examples of the areas may be nanotechnology, materials science, robotics, history, literature, and other fields. We ask that you please fill out the survey in the following link as soon as possible. We would like to assess the degree of interest, especially among Armenian scientists.
