100 years ago, Armenians were nearly annihilated by Genocide. Today, often unrecognized, it remains defining - but the long shadow of the Genocide creates a burden for young Armenian Americans that discourages them from taking up their culture. What Will Become of Us follows six Armenian Americans - famous and otherwise - as they navigate the 100th anniversary of the Genocide, forging identities for the next 100 years. How can Armenian Americans honor their past, while unshackling themselves from its trauma?
