CALL FOR PAPERS/PRESENTATIONS
FOR NANOTECHNOLOGY ON_LINE SEMINARS

July 1, 2020

Dear Scholarly Colleague,

ARPA Institute is initiating a series of online seminars devoted to recent advances in nanotechnology and nanoengineering. The Nanotechnology/nanoengineering seminar Series will host speakers from around the world presenting the latest ground breaking research in nanoscale science and technology. Seminars aim to promote science in Armenia and interaction of scholars of Armenian descent.

I am hopeful that your research interests and expertise in the nanotechnology related research areas would make an excellent subject for discussion. We would be grateful if you could accept our invitation to be a speaker at our seminar series.

Thank you very much for your consideration of this invitation, and I hope that you will submit your work in progress by July 15 th , 2020.

Respectfully,

ARPA Institute Board directors
