Relief is on the way with AGBU Global Relief Fund

In recent years, a pile-on of crises has only reinforced the importance of being prepared in today's turbulent world. In this year alone, three new crises impacting Armenians have sounded the alarm once more:

- **In Artsakh:** Azerbaijan's protracted blockade has deprived 120,000 Armenians of basic essentials, fuel, electricity and access to the outside world. Your gift can help purchase urgently needed solar energy equipment and other vital supplies.
- **In Lebanon:** The collapse of the nation's financial system, compounded by soaring inflation, has robbed generations of Armenians of their dreams. Your gift allows AGBU to continue its much-praised programs to fight the perils of economic ruin.
- **In Syria:** A devastating earthquake left many Armenian families homeless, compounding their suffering through years of conflict and terror. Your gift will support our efforts to reconstruct and repair homes with a solid fire added safety.

With AGBU Global Relief Fund, we can act strategically and quickly whenever and wherever Armenians face danger and hardship.

Please act today.
