AYF

Introducing: Ad Book Memories!

The AYF Olympics Ad Books hold a special place in the history of AYF Olympics, featuring cherished photos and messages from members, supporters, and community groups and has been the cornerstone of Armenian youth leadership and camaraderie.

The 2023 AYF Olympics Committee wanted to share this wealth with the world of AYF supporters by posting the annual ad books online. We have started with the ad books from the past three years and will continue going backward, in the hopes of including all 89 years of AYF Olympics memories.
