Put comfort and hope on the menu for Armenian evacuees

Close to 98,000 evacuees from Artsakh have already crossed the border to Armenia, with thousands more expected every day.

AGBU is on the ground with our partner **World Central Kitchen**, to deliver warm nutritious meals to those who have suffered nine-months of food insecurity and malnourishment. With your help, they will continue to be served with more practical immediate and long-term assistance.

Your urgent support is needed today.

[DONATE](#)

Your online donation will be allocated exclusively for meeting the needs of the Artsakh people.
