Abstract: It is estimated that there are 3 million Armenians in Armenia and 7 million in the diasporas. The Armenian Nation is spread around the globe, with a major hub in Armenia and multiple hubs everywhere else. The Panel will focus on the realities of the global Armenian community and how well the Armenian Nation writ large can navigate in this new era, where the virtual and the spatial worlds interact and evolve. Furthermore, how can this new existence contribute to innovative ways of defining and preserving the Armenian identity in the future. One of the key questions and challenges to be addressed by the Panelists is: should we think of the Armenian Nation in new ways?
